Principal'sMessage

DearParentsandStudents,

It is with great pleasure that I welcome you to our College(DIET)Newsletter.

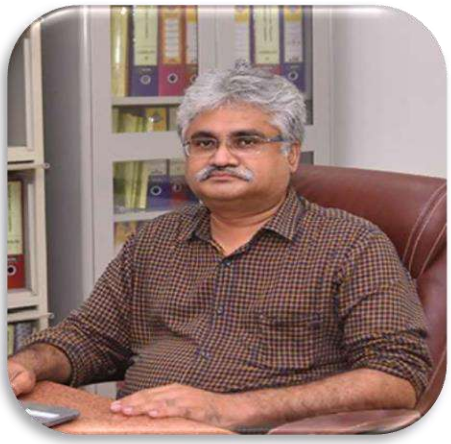

As Principal I am hugely impressed by the commitment of the college and the staff in providing an excellent all-roundeducationforourstudentswithourstateoftheartfacilities.Metalworking together, strongly promote the zeal towards academic achievement among our students. The cultural, sporting and other successes of all our students and staff are also proudly celebrated together.

I congratulate the staff and students who brought latest technologies and concepts onto the day to day teaching learning platform. As long as our ideas are expressed and thoughts kindled we can be sure of learning,as every thing begins with an idea.

I appreciate every student who shared the joy of participation in co-curricular and extracurricular activities along with their commitment to curriculum. That little extra we do, is the icing on the cake.'Do more than belong – participate. Do more than care – help. Do more than believe – practice. Domorethan befair– be kind.Do more thanforgive– forget.Do more than dream– work.'

With a long and rewarding history of achievement in education behind us, our DIET community continuation forward together with confidence, overenthusiastic.

I hope you enjoy your visit to the website and should you wish to contact us,please find details at thewww.diet.ac.in/

Yours in Education,

Dr.RaviKadiyala

Principal

Head of the Department's Message

Dear Students, Parents, Faculty Members and Readers,

It is my privilege and pleasure to welcome you to the Civil Engineering Department Newsletter of Dhanekula Institute of Engineering & Technology. Civil Engineering plays a vital role in the development of infrastructure and in improving the quality of life of society. Keeping this responsibility in view, our department is committed to nurturing technically competent, innovative and socially responsible engineers.

The Department of Civil Engineering has established a strong academic and practical learning environment supported by qualified faculty members, well-equipped laboratories and facilities for technical skill development. Our laboratories in areas such as Transportation Engineering, Fluid Mechanics and Hydraulics, Environmental Engineering, GIS and CAD, Structural Engineering and Strength of Materials enable students to gain valuable hands-on experience and strengthen their understanding of engineering concepts.

Our teaching-learning process focuses on concept-based education supported by practical exposure and industry interaction. We encourage students to participate in internships, in-plant training, workshops, guest lectures, industrial visits, technical activities and project-based learning. These experiences help students understand current industry practices, develop employ ability skills and prepare themselves for diverse career opportunities.

The department also promotes research, innovation and consultancy activities, providing students and faculty members with opportunities to engage with contemporary engineering challenges. Faculty members are encouraged to participate in Faculty Development Programmed, training programmes, conferences and other professional activities so that they remain updated with emerging technologies and developments in the field of Civil Engineering.

Yours inEducation,

V. Bhavitha Chowdary
