Principal'sMessage

Dear Parents and Students,

It is with great pleasurethatIwelcome you to our College(DIET)Newsletter.

As Principal I am hugely impressed by the commitment of the college and the staff in providing anexcellentall-roundeducationforourstudentswithourstateoftheartfacilities.Metalworking together, strongly promote the zeal towards academic achievement among our students. The cultural, sporting and other successes of all our students and staff are also proudly celebrated together.

I congratulate the staff and students who brought latest technologies and concepts onto the day to day teaching learning platform. As long as our ideas are expressed and thoughts kindled we can be sure of learning,as every thing begins with an idea.

I appreciate every student who shared the joy of participation in co-curricular and extra curricular activities along with their commitment to curriculum. That little extra we do, is the icing on the cake.'Do more than belong – participate. Do more than care – help. Do more than believe – practice. Domorethan befair– be kind.Do more thanforgive– forget.Do more than dream– work.'

With a long and rewarding history of achievement in education behind us, our DIET community continues to move forward together with confidence, overenthusiastic.

I hope you enjoy your visit to the website and should you wish to contact us,please find details at the www.diet.ac.in/

Yours in Education,

Dr.RaviKadiyala

Principal

Head of the Department's Message

Civil Engineering is considered as backbone of nation's development.The Civil Engineering department of DIET, Vijayawada was established in the year 2010 with an intake of 60 and later upgraded to the intake of 120. The Department has been now elevated to its next podium by offering Post Graduation in Environmental Engineering and consultancy services. The Civil Department have excellent infrastructure and state-of-the-art laboratories including Transportation, Fluid Mechanics and Hydraulics, Environmental, GIS and Cad, Structural and Strength of Materials labs,which are well-maintained by technically qualified personnel. Also, department has R&D and consultancy services where several research and consultancy projects were carried on materials testing, designing,planning and execution of several civil projects. Our department strength is our faculty who're devoted to educate our students and strengthen them such that they are ready to serve the nation as professionals, research scholars,academic leaders and entrepreneurs.The department offers concept oriented teaching-learning process coupled with practical knowledge through industry-Institute interaction.Industry personnel are invited to department as adjunct faculties to share their practical experience and knowledge.To enhance the technical and employ ability skills of our students,the Department encourages the students to undertake internship and in-plant training. Apart from regular curriculum, the department conducts Workshops/Guest Lectures/Industrial Visits for the students to augment their proficiency. The department has a well established mentoring system which provides individual attention to the students in the academic and other activities.The department also encourages its students to engage in extra-curricular and co-curricular activities to nurture their team spirit and develop organizational skills. In addition, the faculty members of the department are promoted to attend/conduct training programmed / FDP's to keep them updated.

Yours in Education,

Dr.U.SIVA RAMAKRISHNA

HOD

PROGRAM EDUCATIONAL OBJECTIVES (PEOs)

PEO 1: Technical Competence

Graduates will demonstrate strong technical competence in Civil Engineering by applying fundamental knowledge, outcome-based learning, and practical skills to analyze, design, and implement sustainable engineering solutions for resilient infrastructure.

PEO 2: Professional Excellence

Graduates will establish successful careers in industry, research, consultancy, entrepreneurship, or pursue higher education by applying innovation, modern engineering practices, and sustainable development principles.

PEO 3: Leadership and Social Responsibility

Graduates will demonstrate professionalism, ethical values, effective communication, leadership, teamwork, and lifelong learning while contributing responsibly to society and the environment.

PROGRAM SPECIFIC OUTCOMES (PSOs)

PSO1:

Graduates will be able to analyze, design, execute and manage structural, geotechnical, transportation, environmental, and water resources engineering systems by applying Civil Engineering principles, modern engineering tools, emerging technologies and project management practices to address real-world engineering challenges through sustainable and economical solutions.

PSO2:

Graduates will be able to apply research, innovation and sustainable engineering practices to address real-world challenges, enabling successful employment, higher education, entrepreneurship and lifelong professional development while upholding ethical values and social responsibility.

NSS

NATIONALSERVICESCHEME

As part of National Youth Day celebrations, NSS volunteers of Dhanekula Institute of Engineering & Technology participated in the National Youth Festival held on 12 January 2026 at Thummalapalli Kalakshetram, Vijayawada, commemorating the 163rd birth anniversary of Swami Vivekananda. The event was organized under the aegis of the Department of Youth Welfare.

An extensive and informative road safety awareness program was successfully conducted on January 31, 2026, at Dhanekula Institute of Engineering & Technology (DIET), Ganguru, under the auspices of the National Service Scheme (NSS). The program was organized in the college auditorium for diploma and first-year B. Tech students with the primary objective of creating awareness about traffic rules and fostering safe and responsible driving habits among young learners.The program was graced by eminent officials from the transport and police departments as chief guests, including Mr. Subbarao, Regional Transport Officer (RTO), Vuyyuru; Mr. Narayanaswamy, RTO, Machilipatnam; Mr. Lokanath from the Road Transport Department, Machilipatnam; and Mr. Venkata Narayana, Circle Inspector (CI), Penamaluru. The program was efficiently coordinated by NSS Programme Officer Mr. T. Venkateswara Rao, with valuable support from NSS coordinators Civil Dept - Mr. G. Raju, Mr. K. Siva Nagendra, and other NSS members.

Vijayawada, April 13: As part of the “Youth Time Bank” initiative launched under the inspiration of the Krishna District Collector, a service program was organized at the New Government Hospital in Vijayawada under the leadership of the NSS Unit of Dhanekula Institute of Engineering & Technology. A large number of NSS volunteers participated in the program and demonstrated their commitment to community service.

The NSS Unit of Dhanekula Institute of Engineering and Technology successfully organized a Community Outreach Activity at Maddhuru Village on 25-04-2026 as part of the Bharat Environment Program – Earth Week (April 22–29, 2026). The program was conducted from 10:00 AM onwards with the active participation of I B.Tech students across all the Departments, NSS volunteers, faculty members, and coordinators.

The NSS Unit of Dhanekula Institute of Engineering and Technology participated in the “Youth Time Bank” Service Program organized by the District Administration at New Government Hospital, Vijayawada, on 07-05-2026 from 09:00 AM to 01:00 PM. A total of 25 NSS student volunteers from I B. Tech actively participated in the service activity with great enthusiasm and commitment.

CULTURAL ACTIVITES

The Art of Living is an interactive session held in our college. Mr.Manikanta and Dr.Harika, The resource persons engaged the students through fun activities and discussions, encouraging students to list and reflect on the essential qualities needed for success, such as discipline, teamwork, and positive thinking. They emphasized the importance of reducing screen time, managing stress, and maintaining a healthy lifestyle through simple breathing and relaxation techniques. The speakers also highlighted the importance of using good language in communication and advised students to avoid foul or offensive words, as respectful language reflects one's character and builds better relationships.

Name of the Program : Orientation on "ART OF LIVING"
Venue : CLASS ROOMS
Date : 01-12-2025 & 02-12-2025
Timings :
Morning Session: 10.00-12.30 PM-
GROUP A: CSE,CSM,CE,ME
Afternoon Session: 2.00-4.30 PM-
GROUP B: ECE,ECE-II,EEE,CSE-DS
No of Students Participated :360

Gita Jayanthi celebration was organised on 01st December 2025. The students along with the Faculty offered their humble pranams to Lord Krishna by chanting the slokas from 'The Bhagavat Gita'.

The main purpose of celebrating Gita Jayanti is to recall the words of Gita and to apply it in our daily life. It allows individuals and families to lead a courageous as well as an active life that is productive .

All the Faculty, Studnets of DIET college are participated in Kalyuga if one is to spend a peaceful life he must come closer to this religious scripture.

Name of the Event : Sankranthi Sambaralu

Venue : College Ground

Date : 09-01-2026

Timings : 02.00P.M-04.30P.M

Activity : Rangoli, Kite Flying

Forum : Fungama-Artistry

No of Students Participated : 85

Dhanekula Institute of Engineering & Technology celebrates this festival with lots of colorful Rangoli, Kites festival. This year Dhanekula Samskruthi organized the Rangoli Competitions to the students of this college. Many of the students participated in the competitions. Students of all departments have participated in this event as it is the part of sankranthi sambaralu which is most important festival in Andhra Pradesh. Our Dynamic principal Dr.Ravi Kadiyala garu planned and executed the celebrations of the festival in the college campus in association with Dhanekula Samakruthi of Dhanekula Institute of Engineering & Technology.
