PROGRAM REPORT

Name of the Program	A One Day Workshop on Mastering data handling in Real time Applications using Scrum and Agile Technologies
Resource Person	Dr Sridhar Movva
Date of Activity	25-01-2024
Organized by	Department of Computer Science and Engineering
Venue	College Auditorium

Objective:

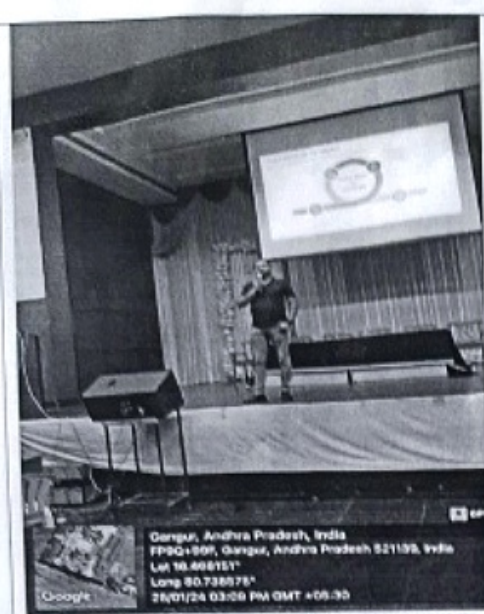

This Workshop gives an overview of the Mastering data handling in Real time Applications using Scrum and Agile Technologies. By the end of this, participants have a thorough understanding scrum and Testing Real Time applications and what the future may hold.

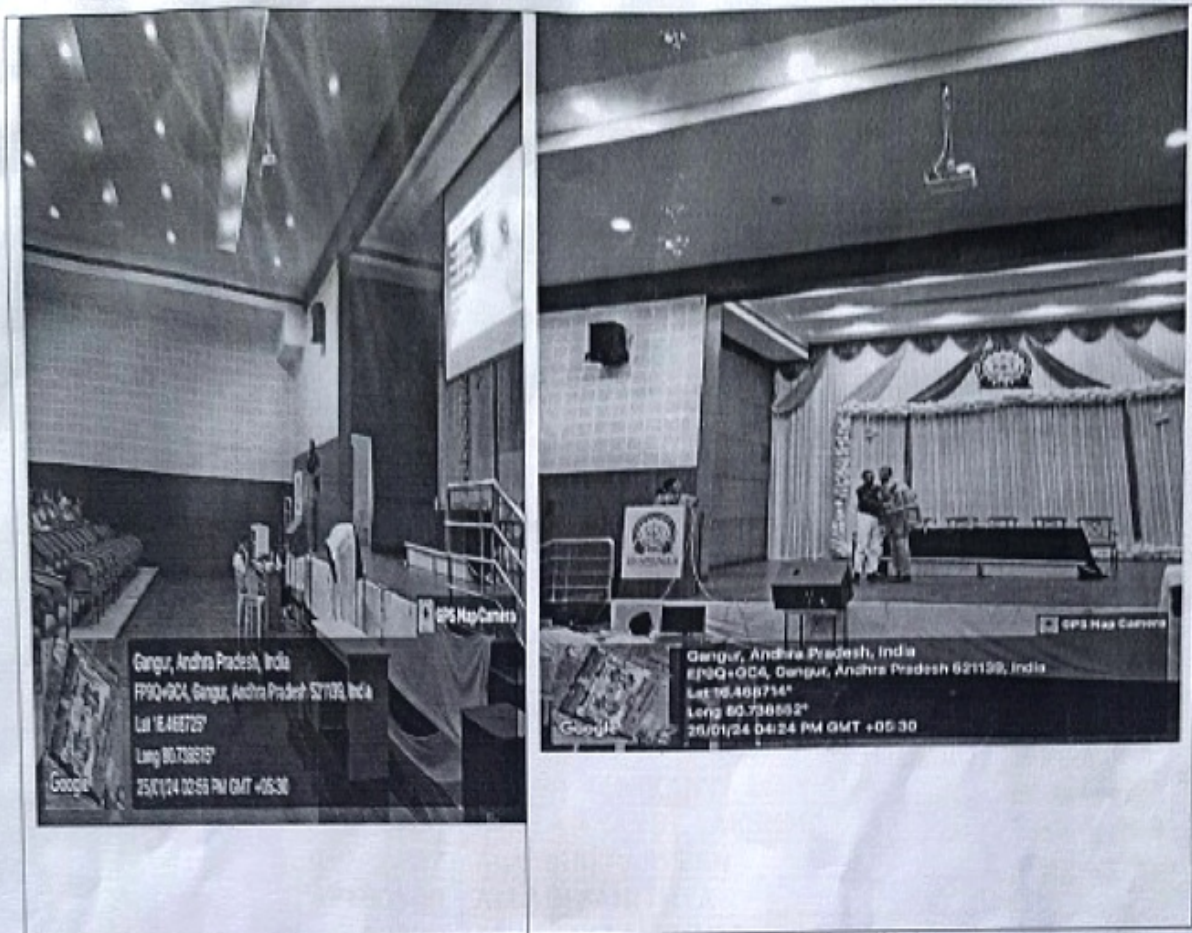

About the Workshop:

The Workshop started with a presentation on Agile Technologies and its related fields where opportunities are abundant in the industry. The resource person initially focused on Agile Technologies for Engineering and Science Applications. The students got a chance to learn in depth about programming methodologies, debugging techniques and code Testing processes, thoroughly. In detailed demonstrations were given on various Applications and techniques. The Workshop turned out to be a major successful event, imparting lot of knowledge about Agile Technologies and how to work with various Science Applications.

Outcome:

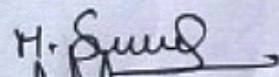

- Understand the evolution of Scrum and Agile Technologies and the major trends that are shaping these fields today.
- Learn about the real-world applications of current trends in Testing using different technologies.
- Gain insights into the current R&D and upcoming developments in real time applications.
