Event Name	Campus Cleanliness Drive
Venue	College Premises
No of participants	41

DESCRIPTION

On February 24, 2024, the 1st-year B. Tech students of Electrical and Electronics Engineering (EEE) and Electronics and Communication Engineering (ECE) II at DhaneKula Institute of Engineering and Technology actively participated in a Campus Cleanliness Drive. The event aimed to create awareness and instill a sense of responsibility among the students regarding the importance of a clean and hygienic environment. Engaging in hands-on activities, the participants collectively cleaned various areas across the campus, including classrooms, corridors, and communal spaces. This initiative not only contributed to an immediate improvement in the overall cleanliness of the campus but also played a crucial role in fostering a culture of responsibility and community involvement. By actively participating in the Campus Cleanliness Drive, the students not only contributed to the aesthetics of their academic surroundings but also imbibed valuable lessons about the significance of maintaining a clean and healthy environment for the benefit of the entire institute community.

DESCRIPTION

On February 24, 2024, Dhanekula Institute of Engineering and Technology organized a Campus Cleanliness Drive with a focused approach on cultivating awareness and responsibility for maintaining a clean and hygienic environment. II B. Tech students of Information Technology (IT) had actively participated in cleaning activities across different areas of the institute. This event not only contributed to the immediate improvement of the physical surroundings but also served as a platform to educate students about the significance of cleanliness in fostering a healthy academic environment. The institute believes that such initiatives empower students to become responsible stewards of their surroundings, promoting a culture of cleanliness and hygiene that extends beyond the Campus Cleanliness Drive and becomes an integral part of their ethos.

DESCRIPTION

On February 27, 2024, NSS unit of Dhanekula Institute of Engineering and Technology conducted a Campus cleanliness drive to create awareness and instill a sense of responsibility among the students regarding the importance of a clean and hygienic environment. In this drive, I B. Tech students of Computer Science Engineering (CSE), Civil Engineering (CE) and Mechanical Engineering (ME) were actively participated. During this activity, students were divided into teams and assigned different areas of the campus to clean. They gathered at specified locations equipped with cleaning supplies such as brooms, garbage bins, and gloves. They diligently collected litter, swept walkways, and disposed of waste in the designated bins. The campus cleanliness activity proved to be a success in terms of both participation and awareness. This drive succeeded in fostering a sense of responsibility and ownership among students towards maintaining cleanliness. Students imbibed valuable lessons about the significance of maintaining a clean and healthy environment for the benefit of the entire institute community through their cleanup efforts. A total of 71 students had actively taken part in this cleanliness drive along with faculty members.
