Dr Ravi Kadiyala
Principal
DhaneKula Institute of Engineering & Technology
Vijayawada, Andhra Pradesh.

Subject: Nomination/Request for ISRO E-Learning Initiative.

Dr M Vamshi Krishna HoD ECE will coordinate the IIRS-ISRO outreach programs. We are keenly interested in the valuable educational opportunities that ISRO provides and believe that our participation in this program will greatly benefit our institution and its students.

Our organization has a strong commitment to fostering educational and research activities related to space science and technology. ISRO's pioneering work in the field of space exploration has been a constant source of inspiration for us, and we view this opportunity as a significant step toward enhancing our knowledge and expertise.

We believe that the program's offerings will empower our members, from students to faculty, with cutting-edge information on space research, satellite technology, space missions, and related subjects.

We kindly request ISRO's support in facilitating our organization's enrollment in the E-Learning Program. We are committed to complying with all the program's requirements and adhering to the guidelines and standards set forth by.

Coordinator Details:

Dr M Vamshi Krishna 9703818580 diet.ccchod@gmail.com

Dr Ravi Kadiyala
Principal

Promoted by : DhaneKula Venkata Subbaiah Charitable Trust

Govt. of India
Dept. of Space
Indian Space Research Organisation (ISRO)
Science Programme Office (SPO), ISRO HQ Bengaluru &
Indian Institute of Remote Sensing (IIRS), ISRO Dehradun

Guidelines for the Coordinators

Date: June 05, 2023

Following guidelines are hereby issued for the coordinators of ISRO Online training programmes.

1. The registered coordinators and their Institute will be approved by ISRO after a process of assessment. All the approved coordinators will receive approval email with their login credentials for accessing the ISRO E-CLASS Coordinator Management System (CMS)- <https://eclasscms.iirs.gov.in> .
2. The coordinator will coordinate the programme at his/her Institute and motivate the prospective students to join the ISRO online training programme.
3. The coordinator will review and approve the applications under his/her Institute depending on the applicant's aptitude, merit/academic performance.
4. The coordinator will conduct the ISRO live sessions in his/her Institute as per the schedule and monitor the students. The live session will be available in E-CLASS CMS and Youtube Channel of IIRS- <https://www.youtube.com/@edusat2004>
5. The coordinator will submit daily attendance of each student through E-CLASS CMS.
6. The coordinator will conduct online examination under his/her supervision as per the exam schedule. The exam URL and password will be shared by ISRO before commencing the examination. The Secrecy and Privacy of examination portal and password needs to be maintained.
7. The coordinator will download and sign the training "Merit Certificate" for distributions to the students.
8. The coordinator will submit training feedback at end of the programme.
9. The contribution of Nodal centre coordinator to promote space science and technology in education and research will be recognized by ISRO. At the end of each programme the coordinator will be awarded with a coordination certificate from ISRO. The participating Institute will also get a separate certificate of appreciation.

-----End of Document-----

Confirmation for Conducting IIRS Outreach Programme

Reply-To: dlp@iirs.gov.in

To: diet.ecehod@gmail.com

Dear Dr. M VAMSHI KRISHNA,

I am happy to inform you that your organization is now network institute of IIRS outreach network. The name of your Institute is included in online application form of IIRS Outreach Programme.

Please see the attached documents for more technical details of the programme. Please ask your participant to register for the course. You will be receiving further communications from our side as a coordinator for all other course requirements and your roles and responsibilities for successful conduction of the programme.

Please login to the IIRS Learning Management System (LMS) to approve your students registration and maintain the attendance record.

URL: <https://elearning.iirs.gov.in/>

Username for IIRS CMS: diet.ecehod@gmail.com

Password for CMS: 9703818580@iirs

Please click the following below link for more details

Coordinator Management System Detail: [click here](#)

Coordinator Management System Detail: [click here](#)

I hope that you and your participants will have an exciting learning experience with us in the field of Remote Sensing, GIS and GNSS technologies and their applications.

For any further clarification please mail us at: dlp@iirs.gov.in | or call us at Tel-+91-135-2524130

Thanking you.

With Best Regards

Dr. Harish Chandra Karnatak
Head, GIT & DL Department
RSGG, IIRS/ISRO, Dehradun.

Dear M VAMSHI KRISHNA,

Thank you for your interest in IIRS outreach programme. We have received your request to become network institute of IIRS/ISRO Outreach network. We will inform you shortly the status of your request. Currently it is under consideration and approval by competent authority at IIRS. Once it is approved, then the name of your Institute will be listed in online course registration form through which participants of your Institute/ organization can register for the courses.

For any further query please contact us at dlp@iirs.gov.in , Tel: +91-135- 2524130.

With regards
Head,
GIT&DL Department
IIRS-ISRO, Dehradun

Coordinator

IIRS Outreach Programme

The IIRS outreach programme, which was started in 2007 with 12 universities/ institutions has now grown substantially to 3500+ network institutes. The beneficiaries of the programme may include:

- Central/State/Private Universities & Academic Institutions
- Central & State Government Departments
- Forest Resource Professionals
- State Forest Departments/Forest Training Academies
- Research Institutes
- Geospatial Industries
- NGOs

Feedback Mechanism

IIRS takes continuous feedback from participating institutions to improve the quality of future courses.

Feedback session during IIRS Academia Meet (IAM)-2024

Awards

IIRS has received national awards for excellence in training for outreach and e-learning programme during 1st National Symposium on Excellence in Training conducted during April 11-12, 2015 in New Delhi by Department of Personnel & Training (DoPT), Govt. of India in collaboration with United Nations Development Programme (UNDP).

About IIRS

Indian Institute of Remote Sensing (IIRS) under Indian Space Research Organisation (ISRO), Department of Space, Govt. of India is a premier Training and Educational Institute set up for developing trained professionals in the field of Remote Sensing, Geoinformatics and GNSS Technology for Natural Resources, Environmental and Disaster Management. Formerly known as Indian Photo-interpretation Institute (IPI), founded in 1966, the Institute boasts to be the first of its kind in entire South-East Asia. While nurturing its primary endeavour to build capacity among the user community by training mid-career professionals, the Institute has enhanced its capability and evolved many training and education programmes that are tuned to meet the requirements of various target groups, ranging from fresh graduates to policy makers including academia.

IIRS also conducts e-learning programme on Remote Sensing and Geoinformation Science (<http://elearning.iirs.gov.in>).

AI/ML for Geodata Analysis

August 19-23, 2024

Organised by

Indian Institute of Remote Sensing
Indian Space Research Organisation
Department of Space, Govt. of India
Dehradun

www.iirs.gov.in

About the Course

AI has been part of our imaginations and simmering in research labs since a handful of computer scientists allied around the term at the Dartmouth Conferences in 1956 and birthed the field of AI. In the decades since, AI has alternately been heralded as the key to our civilization's brightest future. Artificial Intelligence is a program that can sense, reason, act and adapt. Machine learning refers to algorithms whose performance improve as they are exposed to more data over time. Deep Learning is subset of machine learning in which multilayered neural networks learn from vast amounts of data. Advancements in computer processing and data storage made it possible to ingest and analyze more data than ever before. Also more and more data is being produced by connecting more devices and machines to the internet and streaming large amounts of data from those devices. All of these advancements brought artificial intelligence closer to its original goal of creating intelligent machines, which we're starting to see more and more in our everyday lives. From recommendations on our favourite retail sites to auto-generated photo tags on social media, many common online conveniences are powered by artificial intelligence. The main applications of deep learning AI can be divided into computer vision, natural language processing (NLP), and reinforcement learning.

This course introduces the AI, ML and Deep learning alongwith data processing techniques and case examples in geospatial data processing. The course is scheduled from **August 19-24, 2024**.

Target Participants

The course is designed for Professionals willing to get acquainted with AI, ML and DI and use the technology geospatial applications, students & researchers of civil engineering, computer science, Data Analytics, geoinformatics, Geomatics etc.

Course Contents

The course will contain following broad topics:

- Introduction to AI/ML and DL
- Methods in Machine Learning: Supervised, Unsupervised and Reinforcement
- Deep Learning concepts through CNN, RNN, R-CNN, Faster RCNN, SSD, YOLO etc & their applications Spaceborne Lidar Systems
- Machine learning through Google earth engine
- Python for Machine/Deep Learning Models

Course Study Material

Course study materials like lecture slides, video recorded lectures, open source software & handouts of demonstrations, etc. will be made available through e-class. Video lectures will also be uploaded on e-class (<https://www.eclass.iirs.gov.in/login>).

Course Fee

There is no course fee for attending this programme.

Course Registration

- Course updates and other details will be available on URL- <http://www.iirs.gov.in/EduSat-News/>
- **Registered through Nodal centres.** The participant's registration must be approved by the coordinator of nodal centres.
- The participants can register and see their application status through URL- <https://elearning.iirs.gov.in/edusatregistration/>. In case, the application is pending for approval then participants are advised to contact the coordinator of respective nodal centre.

Registered as "Individual registrations".

- The participants with individual registration will be automatically approved. All the registered participants will get their login credentials for ISRO Learning Management System (LMS)- <https://isro/lms.iirs.gov.in>

Course Funding & Technical Support

The programme is sponsored by Indian Space Research Organisation, Department of Space, Government of India.

Programme Reception

Programme can be received through e-class platform of IIRS-ISRO using internet connectivity. No specific hardware/software required. However, it is recommended good internet connectivity at user end. To run the programme in class room, following hardware will be required:

- Desktop computer with web camera microphone and output speakers or laptop with microphone camera and output speaker.
- Large display screen/projector/TV.

Important links

To participate in this programme the interested organizations/ universities/ departments/ institutes have to identify coordinator at their end. The identified coordinator will register online his/her institute as nodal center in IIR's website

(<https://elearning.iirs.gov.in/edusatregistration/coordinator>)

Award of Certificate

Registered through Nodal centres : Based on 70% attendance students will be awarded a "Course participation Certificate."

Individual Registration: A "Course Participation certificate will be given to everyone who devotes a least 70% of each session's hours to the course. The course participation certificate will be available for download in ISRO LMS.

There are a limited number of seats.

Registration will be done on a first-come, first-served basis.
