Sub: Request for opening bank account for Alummi fund - Reg

Respected Sir, This is krishnap. T. working as an Aust. Prof in EEE Dept. in our college. I am also acting as an Alumni Co-osdinater for our institution. We had conducted Alumni meeting on 02-03-2019. On that day we discussed with Alumni about the fund donating by Alumni to the institution for conducting different social activities on behalf of Alumni. In this regard some of the Alumni has came open handed and one in touch with us for donation of a mount. So kindly I request you to open an bank a ccount for collecting Aturmi fund. Thanking You

Republica

Yours Sincerely Drikrishnalai (Atumis Coordinate)

## Report on an Alumni Meet-2021-22

The Alumni Association of Dhanekula Institute of Engineering and Technology organized "ALUMNI MEET 2021-22".

Name of the Event	ALUMNI MEETING 2021-22
Date	10 <sup>th</sup> December, 2021
Venue	EEÉ SEMINAR HALL
Timings	10:00 AM – 12:00 PM

### \* Objective:

- To strengthen the alumni association and to know where about of the alumni.
- To involve alumni in different aspects for overall improvement of the college.
- To collect suggestions on different criteria's for development of the college.
- To disseminate and to make aware of the different activities like Placements, Accreditation, Certification courses, value-added courses, teaching learning process e.t.c., following in the college to alumni and taking suggestions for improvement.

### \* Proceedings:

- The meeting started at 10.00AM at the venue.
- The Alumni coordinator welcomed Principal, Heads of the departments and all the alumni presented.
- Principal Dr.Ravi Kadiyala addressed the gathering and briefed about the importance of alumni being placed and working in different places may relate to core or technology they have to adapt and prove themselves at their workplace and discussed about activities following in the college. During pandemic we have faced so much difficulties but unity and helping nature among us made that to overcome from various situations.
- Being a one of the stack holders, alumni has to plays a vital role in overall improvement and development of college and requested all the alumni to involve and requested to give suggestions.
- Later alumni spoken about their experience in the institute, present role and explained about the recent market trends.
- Feedback is collected from alumni
- The meeting closed at 04:30 PM by proposing vote of thanks by Alumni coordinator

Number of Alumni Attended	6 32
Number of feedback forms collected	32

## Report on an Alumni Meet-2022-23

The Alumni Association of Dhanekula Institute of Engineering and Technology organized "ALUMNI MEET 2022-23".

Name of the Event	ALUMNI MEETING 2022-23
Date	19 August,2023
Venue	CSE SEMINAR HALL
Timings	11:00 AM - 02:00 PM

#### \* Objective:

- To strengthen the alumni association and to know where about of the alumni.
- To involve alumni in different aspects for overall improvement of the college.
- To collect suggestions on different criteria's for development of the college.
- To disseminate and to make aware of the different activities like Placements, Accreditation, Certification courses, value-added courses, teaching learning process e.t.c., following in the college to alumni and taking suggestions for improvement.

#### \* Proceedings:

- The meeting started at 11:00AM at the venue.
- The Alumni coordinator welcomed Principal, Heads of the departments and all the alumni presented.
- Principal Dr.Ravi Kadiyala addressed the gathering and briefed about the importance of alumni and different academic and non-academic activities following in the college.
- The Principal stressed the importance of keeping the alumni-student relationship strong and explained how alumni contribute to the growth of the institution.
- Being a one of the stack holder, alumni have to plays a vital role in overall improvement and development of college and requested all the alumni to involve and requested to give suggestions.
- Following the principal's speech, the event moved into the core agenda, where the distinguished alumni were invited to speak about their professional journeys and share valuable career, life, and personal development advice.
- The alumni offered advice on how to make the most of the college experience and the skills students should focus on developing, from technical skills to interpersonal abilities.
- Feedback is collected from alumni

#### Feedback of Alumni:

## K. Manoj Sai: Solifi, Banglore | Current Role: Team Lead)

They highlighted how their college encouraged students to think innovatively and push boundaries through collaborative projects and competitions. This alumnus advised students to focus on building leadership skills and emphasized the value of networking, both with peers and industry professionals. They credited the college's extracurricular programs, such as incubation centers and entrepreneurship cells, for giving them the confidence and support to venture into the business world. This alumnus spoke about their journey of founding a startup and how the entrepreneurial spirit they cultivated at college played a key role in their success.

#### Key take away:

"Never underestimate the power of your college network; it's a resource that can guide and support you long after you graduate."

### S. Geethika : 2022 passed out (Wipro | Current Role: Project Manager)

They reflected on the mentorship they received from faculty, which was instrumental in building their confidence and communication skills. The alumnus spoke passionately about how the collaborative culture at the college taught them to be a team player, a critical skill for their current role as a Project Manager, where coordinating with different teams is key. This alumnus focused on personal development and work-life balance, sharing how college experiences helped shape their approach to managing both professional responsibilities and personal growth.

#### Key takeaway:

"The teamwork skills I developed at college are the same ones I use every day as a project manager."

Sai Siva Nagaraju Manda: 2021-22 Passed out (Industry: OpenText | Current Role: Technical Consultant, 7LPA)

They highlighted how foundational skills gained at Dhanekula Institute of Engineering and Technology-particularly in problem-solving, critical thinking, and technical subjects like signal processing and statistics-were highly transferable to the field of Technical Consultant. The college's encouragement to explore interdisciplinary areas gave them the confidence to pursue certifications and develop expertise in data science tools such as Python, SQL, and Power BI. They emphasized the importance of continuous learning and adaptability, sharing how internships, online courses, and workshops helped them build a strong foundation, with faculty support playing a crucial role in their successful career switch.

#### Key takeaway:

"Dhanekula gave me the confidence to explore new fields like Technical Consultant. The analytical mindset I developed in college helped me quickly adapt to the data-driven world."

#### Rabbani - 2021-22 Passed Out

"He is working in TCS as a Data base administrator, 7LPA. The hands-on projects and guidance from my faculty helped me gain practical knowledge and confidence."

Key Takeaway: The college focus on project-based learning enabled her to gain skills that proved valuable when transitioning to the professional world.

#### Hima sri – siemens

"She is working in siemens current position as System Analyst."

Key Takeaway: The projects she worked on during college, done much internship, directly contributed to his success in Siemens Industries. At the time of college she is completed many real-time applications.

#### Baptla Yamini Chaitanya - (2022-23 Passed out), (Company : Accenture / Current Position : System Analyst, 4.25 LPA)

"The rigorous academic training helped me in quality assurance and understanding industry standards."

Key Takeaway: Yamini Chaitanya acknowledged how Dhanekula's focus on technical skills and quality management prepared for students. Her college experience taught she how to handle the pressure of ensuring high standards in real-world engineering projects.

#### Ch.Mounika - (Preparing for BANK EXAMS)

" She is preparing for banking exams and other comparative exams like SSC, Groups. Key Takeaway: She is highlighted the importance of field experience gained during his education. which helped him secure a role in infrastructure. His experience with hands-on projects at Dhanekula was crucial to understanding the dynamics of large-scale road and highway projects.

#### Annam Yasaswi -2022 Passed Out, QA Engineer,

"She is working in HackerEarth as, The training in project management and Quality Analyst Engineer in my current role.

Key Takeaway: The College's emphasis on practical training in projects they gave the skills needed to managing skills. She credited his professors and the institution for shaping her leadership and problemsolving abilities.

#### Javanth - Full Stack Java Developer

"The full-stack development projects at Dhanekula were key to my career success." Key Takeaway: Jayanth highlighted that the full-stack projects and workshops he participated in during his college days were crucial to his professional development. He also emphasized the college's role in encouraging practical, project-based learning.

#### Kunireddy Praneeth - IT Professional

"The exposure to the latest technologies in IT at Dhanekula was a game-changer for me." Key Takeaway: Kunireddy Praneeth expressed that his experience with IT tools and projects at the college made him industry-ready. The curriculum was well-aligned with the demands of the IT sector, helping him transition smoothly into his professional role.

#### Kavuri Sowjanya - Preparing for Bank Coaching

"The college taught me time management and goal setting, which are crucial in my preparation for banking exams.

Key Takeaway: Kavuri Sowjanya appreciated how her time at Dhanekula instilled discipline, which is now helping her in her rigorous exam preparation. The college experience encouraged her to aim higher and stay focused on her career goals.

### Gutta Hyndavi. IBM Bangalore/ Current Roll Application Developper

"The communication and programming skills I learned at Dhanekula are invaluable in my role as a trainer."

Key Takeaway: Gutta Hyndavi emphasized that her \communication skills and management skills. developed during seminars and presentations, helped her succeed as a trainer. She credited her professors for motivating her to hone these skills during college.

### Dasari Navya - Genpact/ Current Position Process Associate/

"The communication and presentation skills I learned at Dhanekula are invaluable in my role as a trainer."

Key Takeaway: Dasari Navya emphasized that her public speaking and communication skills, developed during seminars and presentations, helped her succeed as a trainer. She credited her professors for motivating her to hone these skills during college.

### Conclusion:

The alumni meeting at Dhanekula Institute of Engineering and Technology were a resounding success, providing students with valuable insights and practical advice from alumni across various industries. Each alumnus shared their unique experiences, reflecting on how the college played a pivotal role in shaping their professional and personal lives. The common message across all their talks was the importance of adaptability, continuous learning, and maintaining strong relationships within the college community.

The meeting closed at 02:00 PM by proposing vote of thanks by Alumni coordinator

- The alumni offered advice on how to make the most of the college experience and the skills students should focus on developing, from technical skills to interpersonal abilities.
- Feedback is collected from alumni

#### Feedback of Alumni :

#### Manohar v:

(Industry: Entrepreneurship | Current Role: Founder & CEO of a Startup)

This alumnus spoke about their journey of founding a startup and how the entrepreneurial spirit they cultivated at college played a key role in their success. They highlighted how their college encouraged students to think innovatively and push boundaries through collaborative projects and competitions. This alumnus advised students to focus on building leadership skills and emphasized the value of networking, both with peers and industry professionals. They credited the college's extracurricular programs, such as incubation centers and entrepreneurship cells, for giving them the confidence and support to venture into the business world.

#### Key take away:

"Never underestimate the power of your college network; it's a resource that can guide and support you long after you graduate."

#### Sai Harsha : 2021 passed out

### (Industry: Civil Engineering | Current Role: Project Manager)

This alumnus focused on personal development and work-life balance, sharing how college experiences helped shape their approach to managing both professional responsibilities and personal growth. They reflected on the mentorship they received from faculty, which was instrumental in building their confidence and communication skills. The alumnus spoke passionately about how the collaborative culture at the college taught them to be a team player, a critical skill for their current role as a Project Manager, where coordinating with different teams is key.

#### Key takeaway:

"The teamwork skills I developed at college are the same ones I use every day as a project manager."

#### Lalithesh babu :

### (Industry: Data Analytics | Current Role: Data Analyst at a Major MNC)

An alumnus currently working as a Data Analyst at a leading multinational corporation shared their journey of transitioning from an Electronics and Communication Engineering (ECE) background into data analytics. They highlighted how foundational skills gained at Dhanekula Institute of Engineering and Technology-particularly in problem-solving, critical thinking, and technical subjects like signal processing and statistics-were highly transferable to the field of data analytics. The college's encouragement to explore interdisciplinary areas gave them the confidence to pursue certifications and develop expertise in data science tools such as Python, SQL, and Power BI. They emphasized the importance of continuous learning and adaptability, sharing how internships, online courses, and workshops helped them build a strong foundation, with faculty support playing a crucial role in their successful career switch.

#### Kev takeaway:

"Though my background was in Electronics, Dhanekula gave me the confidence to explore new fields like data analytics. The analytical mindset I developed in college helped me quickly adapt to the data-driven world."

#### Hanuma Roopa – 2024 Passed Out

"The hands-on projects and guidance from my faculty helped me gain practical knowledge and confidence.

Key Takeaway: Roopa appreciated how her time at Dhanekula prepared her for the challenges she faced post-graduation. The college's focus on project-based learning enabled her to gain skills that proved valuable when transitioning to the professional world

#### B. Gowtham - GE Aerospace Consultant

"The drone-related projects at Dhanekula gave me real-world exposure to the aerospace industry."

Key Takeaway: The projects he worked on during college, especially in drones, directly contributed to his success in GE Aerospace. Gowtham emphasized that the practical training and innovation-driven environment at the college helped him understand real-time applications of aerospace technology.

### Naveed - Assistant QA Engineer, Solar Oman

"The rigorous academic training helped me in quality assurance and understanding industry standards."

Key Takeaway: Naveed acknowledged how Dhanekula's focus on technical skills and quality management prepared him for his role in Oman. His college experience taught him how to handle the pressure of ensuring high standards in real-world engineering projects.

#### Md. Museed - Engineer at Mega Infrastructure Ltd

"Dhanekula's focus on real-world applications of engineering helped me excel in road and highway projects."

Key Takeaway: Museed highlighted the importance of field experience gained during his education. which helped him secure a role in infrastructure. His experience with hands-on projects at Dhanekula was crucial to understanding the dynamics of large-scale road and highway projects.

#### Radha Krishna - Site In-charge, 2022 Passed Out

"The training in project management and site handling was invaluable in my current role." Key Takeaway: The College's emphasis on practical training in civil engineering projects gave Radha Krishna the skills needed to manage large sites effectively. He credited his professors and the institution for shaping his leadership and problem-solving abilities.

#### P. Mahesh Babu - IT Professional

"The exposure to the latest technologies in IT at Dhanekula was a game-changer for me." Key Takeaway: Mahesh Babu expressed that his experience with IT tools and projects at the college made him industry-ready. The curriculum was well-aligned with the demands of the IT sector, helping him transition smoothly into his professional role.

#### P. Haripriya - Preparing for Bank Coaching

"The college taught me time management and goal setting, which are crucial in my preparation for banking exams.

Key Takeaway: Haripriya appreciated how her time at Dhanekula instilled discipline, which is now helping her in her rigorous exam preparation. The college experience encouraged her to aim higher and stay focused on her career goals.

#### Mythili - Trainer at V Cube

"The communication and presentation skills I learned at Dhanekula are invaluable in my role as a trainer."

Key Takeaway: Mythili emphasized that her public speaking and communication skills, developed during seminars and presentations, helped her succeed as a trainer. She credited her professors for motivating her to hone these skills during college.

#### Kavya - ECE Professional

"The electronics labs and hands-on sessions at Dhanekula provided me with the practical knowledge 1 needed."

Key Takeaway: Kavya appreciated the state-of-the-art labs and resources provided by the college. which equipped her with the practical skills to thrive in the electronics field. She emphasized that the guidance from faculty played a major role in her technical development.

#### Harsha - Senior Design Engineer

"The design-focused curriculum and projects at Dhanekula gave me a strong foundation in engineering design."

Key Takeaway: Harsha's experience with complex design projects during his college years helped him

secure a senior role. He credits Dhanekula for fostering an environment where he could push his boundaries and innovate

#### Preetham - Senior Checker, More Tech Technologies

"The detailed engineering principles I learned at Dhanekula helped me excel in my technical role. Key Takeaway: Preetham highlighted how the college's focus on deep technical knowledge and rigorous project work made him highly competent in his field. The guidance from faculty on industry standards gave him an advantage.

#### Ayyapa - Solutions Support Engineer, Effectronics Solutions

"The interdisciplinary projects at Dhanekula helped me tackle complex engineering problems." Key Takeaway: Ayyapa acknowledged how the college's focus on interdisciplinary learning and practical solutions enabled him to excel in his role as a solutions support engineer. The variety of projects he worked on at Dhanekula broadened his problem-solving abilities.

#### Praneetha - Java Developer, Infamerica

"The programming projects I completed at Dhanekula laid the foundation for my career as a developer.

Key Takeaway: Praneetha credited the hands-on coding and development experience she gained at Dhanekula with helping her secure her position as a Java developer. The support from her faculty was instrumental in building her technical confidence.

#### Jayanth - Full Stack Java Developer

"The full-stack development projects at Dhanekula were key to my career success." Key Takeaway: Jayanth highlighted that the full-stack projects and workshops he participated in during his college days were crucial to his professional development. He also emphasized the college's role in encouraging practical, project-based learning.

### Lineesha - Software Engineer, Tech Mahindra

"The problem-solving mindset fostered at Dhanekula has been invaluable in my software engineering

Key Takeaway: Lineesha expressed how the problem-solving approach and technical training at Dhanekula shaped her success at Tech Mahindra. The faculty's focus on industry-relevant skills helped her transition smoothly into her role.

## Amarnath - Raw Material Engineer, FMCG Japanese Company

"My extracurricular activities, including sports and NCC, built my leadership and teamwork skills." Key Takeaway: Amarnath's participation in various sports, NCC, and leadership roles at Dhanekula helped him develop the discipline and teamwork required for his career. His time at college taught him how to balance academics and extracurricular activities effectively.

## Teja - M2M Generative AI Services, TCS

"The AI courses and projects at Dhanekula gave me a strong technical foundation in machine

Key Takeaway: Teja highlighted that the colleges focus on AI and machine learning projects set him apart in the job market. The technical skills he developed during his time at Dhanekula were instrumental in securing a position at TCS.

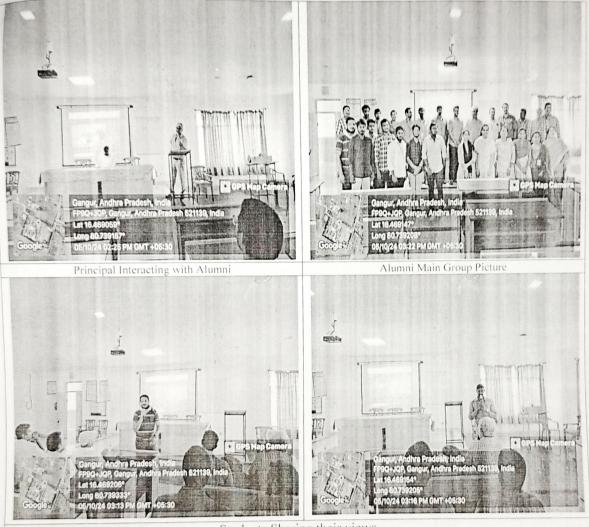

#### Conclusion :

The alumni meeting at Dhanekula Institute of Engineering and Technology was a resounding success, providing students with valuable insights and practical advice from alumni across various industries. Each alumnus shared their unique experiences, reflecting on how the college played a pivotal role in shaping their professional and personal lives. The common message across all their talks was the importance of adaptability, continuous learning, and maintaining strong relationships within the college community.

The meeting closed at 04:30 PM by proposing vote of thanks by Alumni coordinator .

## Report on an Alumni Interaction-2024-25

The Alumni Association of Dhanekula Institute of Engineering and Technology organized " career path in service now".

Name of the Event	Alumni Interaction With Students	
Date	19 <sup>th</sup> July,2024	
Venue	ECE SEMINAR HALL	
Timings	02:00 PM - 04:30 PM	

- Mr. Basheer Ahmed is an Alumni of our college. He was graduated in Electronics and Communication Engineering in the year 2013.
- > Mr. Basheer is currently working as a Senior Manager for Sotiotech.
- The Sotiotech company was established in year 2020, in Hyderabad
- Mr. Basheer Ahmed delivered a presentation on navigating career paths within the Service-Now ecosystem, emphasizing how to effectively use the platform and develop essential skills.
- He introduced Service-Now as a cloud-based tool for IT Service Management (ITSM), which enhances operational efficiency.
- The session included guidance on creating a developer account and navigating the dashboard.
- Mr. Basheer Ahmed stressed the importance of training programs and hands-on practice to build proficiency.
- He outlined various career opportunities in Service-Now, highlighting roles for administrators and developers across multiple sectors.
- Additionally, he discussed the growing trend of automation in IT service management.
- The presentation concluded with a call for continuous learning to stay competitive in this dynamic field.
- A QA Session is continued at the end of session for the students.

## Alumni Student Interaction Meet-2024-25

The Alumni Association of Dhanekula Institute of Engineering and Technology organized "ALUMNI INTERACTION WITH STUDENTS 2024-25".

Name of the Event	Alumni Student Interaction with Students 2024-25
Date	1 <sup>st</sup> October, 2024
Venue	F-35 Class Room
Timings	02:00 PM - 03:30 PM

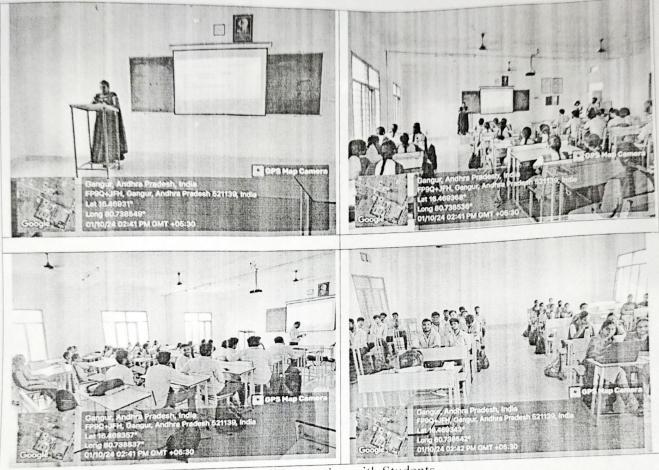

#### \* Objective:

- To provide current students with firsthand insights into professional life through the experiences of alumni working in various industries.
- To emphasize the importance of training and skill development in achieving future career goals and success in the job market. To collect suggestions on different criteria's for development of the college.
- equip students with practical tips and strategies for effectively facing interviews, enhancing their chances of securing employment.
- To educate students on how to negotiate salary offers and understand the factors that influence compensation packages in multinational corporations.

#### \* Proceedings:

- The meeting started at 02:00PM at the venue.
- The Alumni student start introduction, explaining about her role in the company and her success career .
- Delivered the speech about how to set the good future goals.
- Importance of training for future career goals and Strategies for successful interview preparation.
- Tips for securing competitive salary packages in MNCs.
- Open floor for students to ask questions.
- Feedback is collected from alumni
- The meeting closed at 03:30 PM by proposing vote of thanks by Students

#### ALUMNI COORDINATION COMMITTEE

#### ALUMNI MEET MINTUES

Academic Year: 2021-22

Date:10 / 12 / 2021

Venue: EEE Seminar Hall Time: 10:00AM-12:00PM

#### Agenda:

- Invitation of members by the coordinator
- · Introduction of the alumni members presented
- · Principal's address
- · Feedback request from the members present on curriculum
- Inviting suggestions from members for improvement in institutional facilities towards academics
- · Inviting suggestions for the improvement of quality books in the library
- · Inviting suggestions from members for betterment of placements
- Any other with permission of chair
- Cultural events
- Vote of Thanks

#### Minutes:

- · Alumni Meet started at 10:00AM in the VENUE after all the alumni gathered at the venue
- The meeting started with the welcome note by Alumni Coordinator Mr.P.T.KrishnaSai
- Alumni coordinator invited the Principal and Head of the Department.
- Alumni coordinator briefly explained about the different activities in the college to all the alumni presented
- Brief introduction of individual alumni members
- Principal, Dr. Ravi Kadiyala, addressed the alumni by briefing the importance of alumni in the overall development of the college and their contribution and also explained about the different activities following in the college. He requested the Alumni to visit the college any time to provide valuable suggestion for improvement of the college or send the suggestions through email or by phone.
- Feedback on curriculum from the alumni are collected.
- suggestions are collected from alumni regarding institutional facilities and their improvement towards academics.
- B.Girish, 2014-2018 batch EEE Department thanked the College Management for providing good infrastructure and opportunities for carrying out his education. He expressed his grateful thanks to principal sir for conducting the meeting in this hard-pandemic time and requested the faculty members to give more importance to development of multidisciplinary skills of the students. Also, he stressed the communication skills must be improved for the better job opportunities.

- Alumni are briefed about the placement activities and the number of placements for the previous academic year 2020-21 with 308 placements with 68.19% placement ratio placed in different companies like Wipro, HCL, Accenture, TCS, Cognizant etc
- Suggestions are collected from the alumni regarding important of placement activities in the college.
- V.E.R.Subba Rao,2013-2017 Batch (EEE) underlined the importance of selection of right path for the betterment of the students. Since every student has interest in any one of the fields, they must choose right path in pursuing their career.
- Alumni Co-Ordinator Mr P.T.Krishna Sai proposed vote of thanks and the meet was concluded at 4.30 P.M

#### Response to the Alumni:

All the points given by the Alumni are very important. The Management, Principal and all HODs will consider all the above suggestions for the development of every individual.
