DHANEKULA INSTITUTE OF ENGINEERING & TECHNOLOGY

approved by AICTE, New Delhí, Accredited with NAAC'B' Grade

COMPUTER SCIENCE & ENGINEERING

CSE

LEAFLET

volume 5 (18-19)

íssue -4(Dec-Jan)

Department Vision:

To empower students of Computer Science and Engineering Department to be technologically adept, innovative, global citizens possessing human values

Department Mission:

To Encourage students to become self-motivated and problem solving individuals To prepare students for professional career with academic excellence and leadership skills. To Empower the rural youth with computer education. To Create Centre's of excellence in Computer Science and Engineering.

DEPARTMENT ACTIVITIES:

DHANUSH 2K18

Two day National Level Fest was conducted at college level during the period of 14th&15th of dec 2018.

Dept of CSE conducted several technical and non technical events. So many student of several Engineering colleges were participated actively and won the prizes.

Paper Presentation

Poster Presentation

Technical Quiz

Real time learning @ 3 days workshop on AWS TECHNICAL

ESSENTIALS

The Department of CSE organized a workshop on "AWS TECHNICAL ESSENTIALS " in Association with APSSDC for II &III year students during the period i.e. 2nd jan-3rd jan &7th jan to 11th jan'2019. HOD of CSE and other faculty members coordinated the program.

Industrail visit:

3rd yr CSE students went for 1day industrial visit on 24-12-2018 to COCO-COLA Company which is located at Mangalagiri in GUNTUR Dt.

EXPLORING PRACTICAL LEARNING @SKILL DEVELOPMENT PROGRAM IN CSE

The Department of CSE, in association with UIF organized a 2-Day workshop Training Program on "Design Thinking" During 10th -11th January'19. Dr. K. Ravi ,Principal of Diet, inaugurated the program in the presence of Dr. S. Suresh HOD& Prof of CSE, &Dr. A. Srinivasa Rao, and other faculty members &final yr Student members Eswar, Gopi Krishna, Mehar, Hareesh and other students coordinated the event.

Student Corner

Students Participation

Students of 3rd yr cse actively participated in 2 day National workshop on Android App Development Program on 26th-27th jan 2019 & workshop on Internet Of Things at IIT Hydrabad Organized by MICROSOFT Technology Associate on Jan 19th& Jan 20th

168T1A0566	168T1A05B3	168T1A0561	168T1A0578	168T1A0585	168T1A05A6	168T1A05B8
M.Venkatewsa rlu	V. Tharun	Md.Rehana	N.Vijaya Lakshmi	P.Sai Pujitha	U.Lakshmi Bhavani	Y.Jyothsna Priya
168T1A05B9	168T1A05A7	168T1A05B6	168T1A0590	168T1A05B1		
Y.Siva Reshma	V.Jahnavi	Y.Chakradhar	P.Mary Namratha	V.Vijay Kumar		

Students of 3rd yr cse actively participated in 1 day National workshop on Cyber Security at Sri Nithya Infotech Organized by Azure Skynet Solutions on jan 20th 2019.

Students of 3rd yr cse actively participated in 2 day National workshop on Artificial Intelligence with Machine Learning at BITS PILANI Hydrabad Organized by MICROSOFT Technology Associate on Jan 4th& Jan 5th

Students Achivements

- Our 3rd yr students of cse Participated in UR Fest 2K19 and won the 1st Prize in Tech-Synonyms
- Our 3rd yr students of cse Participated in Dhanush 2K19 Fest and won the 2nd Prize in Paper -Presentation
- Our 3rd yr students of cse Participated in Dhanush 2K19 Fest and Own the 2nd Prize in Code vita

HOD of the Dept. Dr.S.Suresh appriciated the prize winners

Jokes:

Teacher: Who will tell the Chemical Formula Of Water?
One Student: Its " h, i, j, k, l, m, n, o "
Teacher: What is this?
Student: Mam, Yesterday you told us that it is H to O !! by P.S.Pujitha, 3rd CSE,(168T1A0585)

Placements

The software giant selected 30 candidates from the final year students of DIET till now for the Academic Year 2018-19. The Management, Director, Secretary, Principal, HOD & Faculty congratulated the selected candidates or their superlative achievement.

STUDENT ARTICLES

What exactly is Java Script??

JavaScript, an object scripting language which is used in web pages along with markup language HTML. JavaScript is very popular and adopted universally by every web browser for its support which allows dynamic content to get execute in a webpageAn HTML page is a static one and without JavaScript it would be static completely. JavaScript can make the website more interactive..JavaScript not only supports web pages but also supports external applications like PDF documents, running widgets, supporting for flash applications etc. JavaScript has emerged in web industry like a boom and if you look at the current web scenario there are no web technologies that are not using JavaScript.

JavaScript stands unique as it brings out all the special functionalities in the client's browser instead of the site's server. The role of JavaScript can never be denied as JavaScript can act as both object oriented language and procedural language.

Md.Inamulla,3rd CSE (168T1A0569)

What is

Ajax is not

AJAX??

a programming language or a tool, but a concept. Ajax is a client-side script that communicates to and from а server/database without the need for a postback or a complete page refresh. The best definition I've read for Ajax is "The method of exchanging data with a server and updating parts of a web page - without reloading the entire page." Ajax itself is mostly a generic term for various JavaScript techniques used to connect to a web server dynamically without necessarily loading multiple pages. In a more narrowly-defined sense, it refers the to use of XmlHttpRequest objects to interact with a web server dynamically via JavaScript. Benefits of AJAX:There are mainly 4 benefits of AJAX in web applications.**Making** Asynchronous Calls: Ajax allows you to make asynchronous calls to a web server. This allows the client browser to avoid waiting for all data to arrive before allowing the user to act once more.**User-Friendly:** Because a page postback is being eliminated, Ajax enabled applications will always be more responsive, faster and more userfriendly.Increased Speed: The main purpose of Ajax is to improve the speed, performance and usability of a web application.

P. Sumanth,3rd CSE(168T1A0582)

Cloud Computing

What is Cloud Computing?

Cloud is nothing but someone else PC. In detail, Cloud computing is the on-demand delivery of compute power, database storage, applications, and other IT resources through a cloud services platform via the Internet with pay-as-you-go pricing. Whether you are running applications that share photos to millions of mobile users or you're supporting the critical operations of your business, a cloud services platform provides rapid access to flexible and low-cost IT resources.

With cloud computing, you don't need to make large upfront investments in hardware and spend a lot of time on the heavy lifting of managing that hardware. Instead, you can provision exactly the right type and size of computing resources you need to power your newest bright idea or operate your IT department. A cloud services platform, owns and maintains the network-connected hardware required for these application services, while you provision and use what you need via a web application.

U.LakshmiBhavani(168T1A05A6),3rd CSE,

Sentimental Analysis of Twitter data

What is Sentimental Analysis?

Sentiment Analysis is the process of 'computationally' determining whether a piece of writing is positive, negative or neutral. It's also known as **opinion mining**, deriving the opinion or attitude of a speaker.

Why sentimental analysis?

- **Business:** In marketing field companies use it to develop their understand strategies. to feelings customers' towards products or brand, how people respond to their campaigns or product launches and why consumers don't buy some products.
- **Politics:** In political field, it is used to keep track of political view, to detect consistency and inconsistency between statements and actions at the government level. It can be used to predict election results as well!
- **Public** Actions: Sentiment analysis also is used to monitor and to analyse social phenomena, for the spotting of potentially dangerous situations and determining the general mood of the blogosphere.

Staff Corner

◆ Department of CSE encourage the faculty to upgrade their academic progress.

The Faculty of CSE Mr. K. Sandeep, Asst.Prof, Mr.P. Jagadeeshwara rao, Asst.Prof, Mr.M.Ravi

Kanth, Asst.Prof, &V.V.R.Manoj and other Faculty members of other dept's also successfully completed their

3months online FDP course from IIT Bombay as 101x & 201x.

The Faculty of CSE Mrs. Ch. Padmini, Asst. Prof has successfully completed her online certification OBE course organized by APSSDC in association with IUCEE with percentage of 92.8%.
