

DHANEKULA INSTITUTE OF ENGINEERING AND TECHNOLOGY
GANGURU: VIJAYAWADA – 521 139
(Accredited by NBA (CE,EEE,ME&ECE) and NACC)
(Approved by AICTE, Affiliated to JNTUK, Kakinada, An ISO 9001 Certified Institute
Department of Civil Engineering

Action Implementations of Feedback for Betterment of Curriculum
AY:2019-20

Students:

The reference books of the subjects such as Irrigation Engineering, Theory of Structures, and Pavement design were downloaded and few more were accessed from reputed engineering institutions and kept the soft copy at library for easy access.

Faculty:

Experts from ICI and NCC have interacted with students and gave presentation.

Parents:

All the internal evaluation is displayed to the students.

Alumni:

Coursera courses were executed along with curriculum for students

Action plan for implementations of feedback from all stake holders for betterment of
curriculum
Feed Back Collected at the End of Academic Year 2019-20

Students

Suggestion: Extra learning and self learning considering the design of the course
Action Planned: Needs more time by students for self learning the course topics

Faculty

Suggestion: Few subjects are too lengthy and not very connective to the previous units which is making students feel like a total different topic

Action Planned: To improve better understanding of the topics, more number of interactive sessions was planned so that students will be able to grasp the unit wise syllabus and key topics in each unit

Suggestion: Structural analysis and concrete technology should be in third year

Action Planned: We will intimate the university accordingly

Parents

Suggestion: Need to improve in campus placements for the outgoing students. except this everything is excellent

Action Planned: seeking proposals from many MNC's and other construction companies to campus

Alumni

Suggestion: The College is very helpful for the students who is enthusiastic about learning subject

Action Planned: yes, it is very helpful for the enthusiastic learners who are more interested in learning the subjects in detail

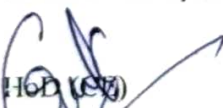

Suggestion: It will be definitely much better if we were exposed to more software tools

Action Planned: We are motivating the students to learn the software application in civil like BIM, CAD, Revit, etc.. to be self-compatible when they are joining the industry

Employer

Suggestion: Rate and relevance of the courses for industry related jobs

Action Planned: The courses offered by civil department are highly relevant to present market and much more additions are invited in course R19 for making the students more flexible with upcoming technology in industries
